OBJECTIVE

B.Tech CS & BS student aiming to build practical, scalable systems using Machine Learning, Automation, and IoT. Experienced in translating theoretical concepts into real-world solutions and system level thinking. Seeking roles that demand ownership, execution, and measurable impact rather than academic experimentation alone.

EDUCATION

B.Tech – Computer Science and Business Systems

Panimalar Engineering College, Poonamalle | Expected Graduation: Sept 2028 | CGPA: 8.045

TECHNICAL SKILLS

Programming: Python, C, C++, Java | **Database:** MySQL (Basic commands)

PROJECTS

Smart Plant Pot System (IoT)

Arduino-based IoT system for soil moisture monitoring and automated plant watering with RTC module and OLED display.

Offline Navigator App

Offline GPS tracking app with voice assistance; implemented local storage for navigation without internet.

Stock Price Prediction Model

Daily stock price prediction system using historical market data with preprocessing and short-term forecasting.

EXPERIENCE

CTO – SNR Automations

10-member startup building automation & IoT solutions; overseeing technical architecture, R&D, team management and product roadmap alignment.

Lead Tutor – CSS Pallavaram Institute

Trained 20+ candidates on programming languages (Python, Java, C, C++) with focus on practical problem-solving and real-world applications.

ROLES & RESPONSIBILITIES

Technical Experience

- Actively participated in coding contests, hackathons, and technical workshops
- Hands-on experience with emerging technologies and practical implementations

Community & Social Impact

- **Google Developer Group (GDG) Core Team Member – Panimalar Engineering College**
 - Coordinated technical sessions and community initiatives for student developers
 - Managed community outreach and engagement programs
- **Organizing Committee, PEC Hacks 3.0 – Inter-college Hackathon**
 - Managed event logistics, participant coordination, and outreach for 09,000+ participants
 - Collaborated with 20+ sponsors and coordinated cross-institutional participation
- Presented awareness programs on Siddha Medicine and Emergency CPR in schools
- Active member of Youth Red Cross (YRC) and college tech clubs

STRENGTHS

Quick Learner | Problem-Solving | Collaboration & Communication | Emerging Technology Adaptability

CERTIFICATIONS

Diploma in Computer Programming (C, C++, Java, Python, HTML)

A-Z Machine Learning (on-going) - Udemy

LANGUAGES

English, Tamil
